August 2014

## M&D Mechanical's Bobby Allfrey Retired

Bobby Allfrey, former Chief Operations Officer, retired June 30, 2014. Bobby joined M&D in 1989 as a Project Manager and became President in 1992. During his tenure numerous employee benefits were introduced, revenues grew, and new technologies were introduced to the business. His most-endearing characteristic is the wonderful way he treats people, and we will miss his daily interaction. Bobby and Nancy enjoy buying and selling antiques and their beach lifestyle. We wish them all the best in the coming years.

## SWeETy Camp Visits M&D Shops

M&D played host to a group of girls participating in the 2014 SWeETy (Summer Welding and Electrical Technology) Camp. M&D also sponsored one of this year's two camps. See more photos on the [Our People In Action](#) page of our website.

## M&D Mechanical Celebrates Two New Apprentice Grads

Two of M&D Mechanical employees recently complete the apprentice program offered by the North Alabama Craft Training Foundation. Danny Dean completed the sheet metal apprenticeship and Nathan Terry completed the pipe fitter program. M&D Mechanical congratulates both employees on their graduation. The apprentice program is part of M&D Mechanical's commitment to providing ongoing employee training. See [Our People in Action](#) for more employee news.

## M&D Wins Heat in Annual Dragon Boat Races

Several M&D Mechanical employees, family, and friends participated in this year's Dragon Boat Races, an annual event that benefits the Decatur Morgan Hospital Foundation. This was M&D's first year to sponsor a team. The team won one of two of the heats.

[Our People in Action](#) for more pictures from the event.

## Meet Our Employees

We have three new employee profiles on our [Meet Our People](#) page on our website. We'd like you to get to know Tony Sandoval, James Day, and Tama Morgan, three employees that have been with M&D for many years.

*Tony Sandoval, James Day, and Tama Morgan*

## LATEST PROJECT

### Huntsville Hospital Steam Utility Truss

### Huntsville Hospital Twickenham Lab
